

LCMS Hmong Hymnal Project

“Praise the Lord, all you nations; extol him, all you peoples.” (Psalms 117:1)
The essence of Christian Lutheran worship is Word and Sacrament. God’s grace comes to us through these means. God’s people have been responding with thanksgiving through the ages. The Hmong people are blessed to be a part of this rich worship tradition in the past two decades.

Why a new Hmong Hymnal?

The LCMS Hmong Ministry has been using the Hmong Hymnal (Phau Ntawv Hawm Thiab Qhuas Vajtswv) which was produced in the 1980’s by a group of ministers and deacons. It was a preliminary draft hymnal and therefore the songs contain no musical notations to accompany them. Many parts of the liturgy and rites were also excluded from the hymnal. And over the past few years, many of these books have been damaged.

With a new Hmong hymnal, God’s people from the LCMS Hmong Ministry will be able to cultivate the rich tradition of Christian worship. They will enjoy the presence of God in a new and meaningful way that is explicitly grounded in Scriptures. And also, it will enrich the future worship life of the church in the Hmong language.

The new hymnal will include the full range of Christian vocabulary and theological and Lutheran doctrine in the Hmong context. The new hymnal will also include all the necessary musical notations on hymns, liturgy, and rites that will make it possible for a wider use.

The Hmong Hymnal Committee has been working to generate the materials needed for the new hymnal on behalf of all LCMS Hmong Lutherans. This hymnal project involves many people from all levels of Hmong Ministry such as pastors, vicars/deacons, and laity.

This is what the New Hymnal cover will look like.

Blue dialect

White dialect

The cost per hymnal is \$3.00 and we are looking to print up to 50 thousand copies. Your support of this project will help bring the body of Christ together, singing joyful songs that will bring honor and glory to our Lord and Savior Jesus Christ. We are asking your help in this important project.
